

Testimonials

(NB – our testimonials are under construction. There are plenty more to come)

Mr Parr – Surrey

“I would highly recommend Westbury Conservatories. They were helpful during the design process and showed a high standard of architectural knowledge to produce the correct appearance and proportions. Excellent clear drawings were produced and the conservatories were erected quickly and without fuss. The quality and workmanship, down to the smallest detail, is superb.

Mrs Canham – Kent

...”We are delighted with the finished conservatory and am so glad that we did have the under floor heating it is fantastic. If we ever move house will certainly come back to you for another (Conservatory) one”

Mr Harrison

“Indeed, we are absolutely delighted with the conservatory and would like to thank you all for a very high quality job plus very good service”” I ought to single out Ian (architect). It was his very sensitive interpretation of our aims and wishes which made us choose Westbury. All the other companies we spoke to told us why we had to have what they wanted to build rather than how we might get what we really wanted” ...

Mr Bryan

...”We are delighted with the structure and how it has turned out and would definitely recommend your company to others.”.....

Mr Luke

I received the paint for the orangery as requested to your operative when he was here to put in the new window. It arrived on Monday or Tuesday of this week.

Very many thanks for the excellent service.

Mr and Mrs Owens

Somewhat belated but.....we would like to thank you all for the great job that you did on the construction of our Orangery and for the after sales service. We really appreciated you coming out to touch up some of the cracks that had arisen as the Orangery settled. We have been really pleased with the design and the overall quality of the workmanship. Everyone who sees the Orangery loves it and we are quick to recommend your company. If you do need a reference we would be happy to oblige. Thanks again for a great job.
